On "**fitting & deposit**" dates students are fitted for their full uniform for the forthcoming school year and an order is then placed. A deposit of €50 must be paid off the total bill to secure order.

### *How do I get my uniform?*

Order your new uniform in your school on the "fitting & deposit" date(s) noted on this flyer. Ordered uniforms are delivered to the school on the "collection and final payment dates".

Uniforms can also be purchased online throughout the year from [www.schooluniformsdirect.ie](http://www.schooluniformsdirect.ie).

### *What if I cannot visit the school on the collection day?*

We suggest you give your docket to another parent or friend and ask them to pick up your package. Alternatively you can visit our shop or have it delivered by courier (delivery charges apply, parcel must be signed for and significant processing time must be allowed for prior to school opening).

### *How do I pay for my uniform?*

Two options are available. Pay a minimum deposit of €50 on fitting day and continue to pay in instalments on the "further deposit payment dates" or via postal orders, final payment can be paid on collection day.

Alternatively pay in full on fitting day and know your uniform is organised before the summer holidays begin. Card and cash payments only accepted. Cheques and telephone payments cannot be accepted.

### *My child is still growing, it is too early to fit for a uniform?*

Here in School Uniforms Direct we have many years of experience fitting students with uniforms to fit for the full school year ahead and hopefully a little longer. With this experience we ensure to allow for growth over the summer time too. We ask you to trust our judgement and recommendations when we measure your garments larger than needed at the time of fitting.

If you wish to change sizes upon collection that is no problem, excluding personalised goods.

### *What if the uniform does not fit upon collection?*

That is no problem! School Uniforms Direct keep stock of the full uniform and can exchange items on our next visit or in our shop if you wish to visit us.

(Personalised garments cannot be exchanged or refunded.)

### *Can I get uniforms later in the school year?*

Yes. School Uniforms Direct stock uniforms all year round. You can visit our shop or order from our website [www.schooluniformsdirect.ie](http://www.schooluniformsdirect.ie) and have it delivered.

### *What is your returns policy?*

Items can be returned within 30 days of purchase or school delivery with a valid receipt and goods unworn in original packaging with tags. Personalised garments cannot be exchanged or refunded.
