

Barcelona 2022

“Amazing April” is what our senior students described this month as the trip to Barcelona was spectacular. From Port Adventure World to walks down Les Rambles, seeing the super art works and architectural creations and designs by Antoni Gaudi at La Sagrada Familia, Casa Batlo and Parc Guell. Evening activities kept everyone well entertained after the wild roller coasters and tour of Camp Nou, Stadium FC Barcelona. The tradition of our CNM trips ensuring our students observe these wonderful cities from new heights at roof top views was certainly upheld on this international trip, overlooking cool coastal views.
