MOVIE MAGIC

The TY's were taught about different camera angles and shots. They then split up into groups to record a movie or music video. At the end of the day they all watched each others videos after editing the video.

WORK EXPERIENCE

The TYs and the LCAs were on work experience, they went to various different places. They developed many vital skills that will benefit them in many areas of life.

RSE WORKSHOP

This was a workshop that taught TY students about relationships; healthy and unhealthy, consent and sexuality.

TONY OREILLY - GAMBLING

Tony recently visited the school to raise awareness about gambling and how easy young people can fall into it.

AMTCE TALK

The AMTCE was a trip for TY students in the technology specialism class. They went to the AMTCE in Dundalk to learn about manufacturing processes like 3D printing and CAD software.

MOCKS

A huge well done to LCA 2 students who recently completed their mock examinations.

Students demonstrated focus, commitment and determination to their studies.

DIFE OPEN DAY

The LCA students recently went on an educational trip to Drogheda Institute of Further Education where they gained an insight into a variety of PLC's. A reminder to students that applications are now open.

STATE EXAMS TASK INTERVIEWS

All month we used different environments as a theme throughout our lessons. We made desert landscapes, read a book about penguins, and excavated fossils.

HAPPY VALENTINES DAY
